UPDATE FROM THE DESIRES' IN HAITI

May 2nd 2013

Dear Supporters, prayer partners and friends at:
TRUTH HELPERS, INC.

Greetings!

I praise God for another opportunity to report to you what He has been doing through us in Haiti recently and to thank you for being a great part of it.

You might remember that in my last update I ask you to pray for the family of one of our deacon whose little five year old boy has been kidnapped and his older brother was shot and lost one eye as he was defending both the child and himself. I am glad to report that the boy has been found and returned to his parents who are so grateful for your prayers. Please, continue to pray for that family as they recover from this trauma.

We thank you for your prayer and financial support that cause us to be effective in more than one area of ministry: church ministry, Christian school, Bible school, rescue mission, medical ministry, Radio ministry, the Gobert project ministry, our feeding ministry, to name just these... Thank you so much for your partnership in the gospel.

We also need your prayer for a new opportunities the Lord has provided to us to reach out to Haitians, creole and French speaking audience all over the world. There are ten million Haitians that live in Haiti; and it is estimated that more than four million Haitians live abroad, mostly in North America. They are found in major cities like Miami, Fort Lauderdale, New York, Boston, Chicago, Montreal, Paris ...to name just these. In obedience to the great commission, I traveled last year and preached in a number of Haitian churches abroad. I did the work of an **Evangelist** through evangelistic rallies in partnership with Haitian churches overseas so as to reach out to lost Haitians in all those places; and I also did the work of a **Revivalist** by doing my part in reviving with the Word of God Haitian Christians abroad. Besides all the work you know we are involved in Haiti, we have an outstanding Gospel Radio ministry abroad.

We have been airing our messages on an internet Radio Station based in Providence Rhode Island (USA). This radio station is called RADIO LA VOIX DE L'EVANGILE, klmkt34ax.webs.com/ (translated in English) THE VOICE OF THE GOSPEL and is directed by my brother Louis Desire. We are also airing our messages on a another Radio Station in Stamford Connecticut (radiopaindevie.com) . The name is the Bread of life Radio . And finally we air our messages on a major Haitian Radio station located in Pompano Beach Florida , it is WHSR 980 AM Radio Haiti-Amerique Internationale .

We are literally reaching out to thousands of Haitians in four states in the USA (Rhode Island, Massachusetts, Connecticut and Florida, and also all over the World through the internet. Our mission is to effectively communicate the Gospel of Christ to the non-Christians and to disciple the flock of God . We monitor listeners from different parts of the world that are tuned in and the Lord is using my preaching in Haiti to minister grace to Haitians everywhere in creole and in French. Glory to His name!

How is all of that done? Every week I tape my program right at home and send it to Bro. Loulou in Rhode Island who edits it from his studio and distributes the final product to the different radio stations. Please, pray for the means to stay on the air and for Brother LOULOU that the Lord will continue to use him to help our ministry in Haiti go global.

Please, continue to pray for my brother Pastor Joel who helps me in the ministry. He has some internal bleeding health issue in the area of his small intestines which cannot be pinpointed precisely at this time despite everything several medical doctors have done so far for him. He has been hospitalized several times already and given several units of blood to compensate while they investigate where he is losing it exactly. Pastor Bossiere Jerome is another co-laborer who needs your prayer; he has severe kidneys' malfunction and has been on dialysis for over a year now; the work of God is being hindered and those two servants of God are not as active as they used to be in their daily lives as a result of their unstable health. Please, keep them in your prayers that God will touch them both in a mighty way.

The country of Haiti needs a lot of prayers as the lack of safety for its citizens and the unpredictable instability at times have become roadblocks on our pathway. We thank you for your prayer and support for the family and the ministry as we will continue to watch God turn our stumbling blocks into stepping stones. Maranatha !

Yours in Christ,

Jean marc Desire and family
